Double Patenting

Claims 1-8 are provisionally rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-3 and 9-17 of copending Application No. 09/645,571. Although the conflicting claims are not identical, they are not patentably distinct from each other because the claims pending here are generic to the claims pending in 09/645,571.

This is a provisional obviousness-type double patenting rejection because the conflicting claims have not in fact been patented.
